Guildwood GO Station Upgrades - Construction Begins February 2016

GO Transit Lakeshore East Corridor - More Train Service is Coming to Your Neighbourhood

What we are doing:

We are making major upgrades to Guildwood GO Station to make it easier and more convenient for customers to access the station. The work supports future two-way all-day service, bringing fast, frequent, reliable and electrified GO train service to your neighbourhood.

We are building a new, expanded station building with improved amenities that will make our customers' commutes more convenient, including larger indoor waiting areas, improved lighting levels, expanded washrooms and an outdoor waiting plaza. We are also making improvements to the parking lots and Kiss & Ride areas to enhance traffic flow. The new station is anticipated to be complete by early 2019.

Rendering of the improved Guildwood GO Station

What this means for you:

- Residents will begin to notice activity at the station as contractors are preparing on site. Regular work hours are **Monday to Sunday from 7:00 a.m. to 7:00 p.m.**
- Work on the platform can only be done at night when there is less train service. All platform work, including the use of an auger to install caissons will be conducted **Monday to Friday from 10:00 p.m. to 4:00 a.m. and on Saturday and Sunday from 10:00 p.m. to 7:00 a.m.**
- We will minimize noise and vibration by depowering equipment when not in use and installing hoarding where necessary. There will be noise during certain construction activities which will be continually monitored. The majority of construction will take place within the rail corridor.
