

A move to fight a tree-killing bug

DON PEAT, TORONTO SUN

FIRST POSTED: SUNDAY, JULY 10, 2011 01:22 PM EDT

The highly destructive emerald ash borer is killing ash trees in Toronto.
(TORONTO SUN FILES)

If Toronto residents have to kiss their ash good-bye, Councillor

The city is cutting down 900 dead or dying ash trees infested with

However, residents with infested trees on private property have

“We can’t pay for the removal of your tree and replant another,”
said.

Carroll and Councillor Paul Ainslie — who both have emerald ash
hammer out a way help homeowners find arborists who are qualified

They want city officials to prepare a report on the feasibility of
arborists.

The two councillors will ask for city council to approve the req

The bugs kill about 99% of the trees they infest.

“We’ve been dealing with this for a couple of years,” Carroll sa experiences (with tree companies).

“Let’s have a uniformity about what we know about the emera people who came and took the session,” she said.

As for cost, Carroll is optimistic the federal government would
