

Friends of

# Guildwood Village Park

Ward 43's newest "Friends of" Group has been officially recognized by City Council. We've met with the Parks Supervisor for our area and discussed a number of suggestions; both capital improvements and to our park's infrastructure. These suggestions have come from community out-reach initiatives. We've listed some of them below. We plan on having more opportunities for communication with our park friends (**thats you!**) and encourage you to have your voice heard - please see below for ways you can do that.

## INFRASTRUCTURE ISSUES

- \* Drainage in the Park is poor. Culverts are crushed and swales are filled in.
- \* Pathways are pitched & knuckled
- \* Downed light pole needs replacing
- \* Plantings & "Naturalized Area" needs Stewardship

## CAPITAL EXPENDITURE IDEAS

- \* Repair or replace park benches
- \* Build a mixed-use Gazebo
- \* Natural skating rink
- \* Concrete Ping-Pong Table
- \* Water fountain

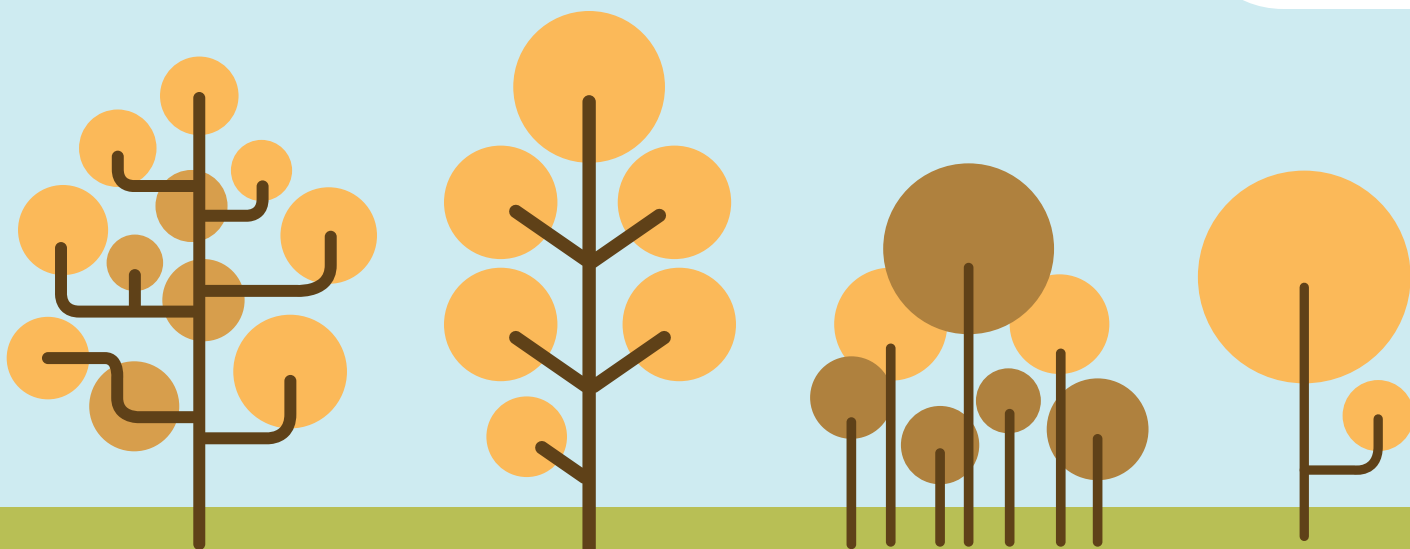

## FUN!

- \* Planning an Easter Egg Hunt
- \* Coming soon: "Junior Friends"; activities and engagement for kids of all ages
- \* Christmas ideas ????
