

Congratulations on your 100th branch, Toronto Public Library!
The Scarborough Civic Centre Branch will serve the community well providing community space in an educational setting for all ages.

This beautiful building is a symbol reflecting Scarborough's many green spaces. The natural lighting and use of wood creates a welcoming space for residents to enjoy; while the Toronto Public Library continues their valuable work in providing the necessary tools to promote Literacy and knowledge for all.

As Past Chair of the Toronto Public Library I am proud to have been part of the leadership team to ensure that the Scarborough Civic Centre branch became a reality.

Congratulations!"
